Monitoring by The Office of Safe Schools - Process

Monitoring by The Office of Safe Schools (OSS)

- OSS will monitor compliance through:
 - Announced and unannounced on-site visits to schools and district facilities or offices
 - Review of school and district websites and publications
 - Interviews with staff
 - Review of media reports
 - Other information submitted to or received by the OSS

(cont'd)

- District and school staff must keep accurate and up-to-date records demonstrating requirements met and must provide records upon request
- The OSS will provide notice of a suspected deficiency to the SSS at the email provided. Districts must establish a policy to communicate the suspected deficiency to the district's superintendent

(cont'd)

- Time to respond and opportunity to cure:
 - Failure to have a safe-school officer at each school – must respond in writing and verify officer on site by the next school day
 - In all other cases – the SSS must respond in writing within five school days and
 - verify the district or school has corrected the issue, or
 - submit a plan describing how the district will bring the school(s) into compliance; plan must include estimated date of completion and an explanation of alternate security measures to maintain a safe learning environment

(cont'd)

- Time to respond and opportunity to cure:
 - Upon verification of compliance or correction, the Office will provide written notice of resolution by email to the district SSS
 - Where a suspected deficiency has not been timely resolved, the OSS will advise the Commissioner of Education who can facilitate compliance to the maximum extent provided under law

Safety Requirements

Safety Requirements

- The OSS will monitor schools and school districts for compliance with the safety requirements set forth in subsections (7) through (20)

FLORIDA DEPARTMENT OF
EDUCATION
fldoe.org

Safe-school Officer

Safe-school Officer

- School districts are required to establish or assign at least one safe-school officer at each school facility within the district
 - A school facility means:
 - Public K-12 school, including charter school

Survey of Safe-school Officers

- At least annually, the OSS will send the SSS a list of school facilities in their district
- SSS must review the list for accuracy, adding new schools and deleting those that have closed
- SSS must identify the current count of safe-school officers by type (SROs, SSOs, school guardians and school security guards) assigned to each school

Safe-school Officer Presence

- Safe-school officers must be present, at a minimum, during the school day when the school facility is open for instruction
- Districts must establish a policy concerning when a safe-school officer will be assigned to a school facility for extracurricular activities, summer school, and for school-sponsored events

Charter School Safety Requirements

Charter School Safety Requirements - Monitoring

- Monitoring of safety requirements for a charter school is the responsibility of the district's SSS
- The OSS will provide any notices of suspected deficiencies occurring at or by a charter school to the SSS for investigation and response

Charter School Safety Requirements - Monitoring

- To ensure a SSS is able to monitor school safety and security at a charter school, each charter school must:
 - Provide up-to-date contact information in the manner and mode required by the SSS
 - Timely respond to requests for information made by the SSS related to safety requirements set forth in this rule
 - Coordinate with the SSS on curing suspected deficiencies identified by the specialist and the OSS

Charter School Safety Requirements - Exceptions

- Charter schools and their governing boards are responsible for meeting these safety requirements
- All requirements apply to charter schools except as noted below:
 - **Safe-school officer**
SSS are responsible for:
 - ensuring that all charter school facilities in their district have at least one safe-school officer assigned and present on campus while school is in session
 - keep accurate records of the numbers and type of safe-school officers assigned to each charter school

Charter School Safety Requirements - Exceptions

- Safe-school officer (cont'd)

Districts and charter school governing boards must work together to determine the type of safe-school officer assigned to each charter school

Charter School Safety Requirements - Exceptions

- **Alyssa's Alert**

A charter school may implement its own mobile panic alert system that meets all requirements of s. 1006.07(4), F.S., or is one of the systems selected by the Department of Education

Charter School Safety Requirements - Exceptions

- **FortifyFL**

The requirements for districts for FortifyFL apply to the charter school's governing board, unless a charter school does not have input access to FortifyFL

Where a charter school lacks input access, a district's SSS must ensure that the information for schools and school contacts are timely added to FortifyFL

Charter School Safety Requirements - Exceptions

- FortifyFL (cont'd)

Charter schools must update FortifyFL with accurate contact information (phone and email address) for school administrators who will receive tips and notifications from the app

Schools without input access must provide such information to the SSS

Charter School Safety Requirements - Exceptions

- **Threat Assessment Teams**

A charter school governing board may adopt its own threat assessment team policies or adopt the district's threat assessment team policies

The charter school governing board must cooperate with the review of its policies by the SSS

Charter School Safety Requirements - Exceptions

- Threat Assessment Teams (cont'd)

In all districts, including where charter schools do not have input access to FSSAT, the SSS must ensure data from charter schools necessary for reporting is timely reporting in the FSSAT and charter school governing boards must cooperate with the SSS to ensure accurate and timely data is reported

Charter School Safety Requirements - Exceptions

- **SESIR**

The requirements set forth for district superintendents apply to the charter's governing board

Charter School Safety Requirements - Exceptions

- Zero-Tolerance Policies and Agreements with Law Enforcement

Charter school governing boards are not required to have zero-tolerance policies or agreements with law enforcement

In order to comply with SESIR reporting procedures, charter school governing boards are required to establish policies stating which incidents require consultation with law enforcement, and which incidents require a report or referral to law enforcement

Charter schools may also adopt the district's policy

Charter School Safety Requirements - Exceptions

- **School Security Risk Assessment and the FSSAT**

A charter school must cooperate with the SSS's requests for information and access to the school security risk assessment

Charter School Safety Requirements - Exceptions

- **Emergency Drills**

Drills conducted at charter schools must be coordinated with the SSS and documentation required must be provided by the charter school to the SSS, by the method and time established by the SSS

Charter School Safety Requirements - Exceptions

- **Active Assailant Response Plans**

The requirements set forth for districts to adopt an Active Assailant Response Plan apply to the charter school's governing board

In all districts, including where charter schools do not have input access to FSSAT, the SSS must ensure data from charter schools necessary for reporting is timely reported in the FSSAT

Charter school governing boards must cooperate with the SSS to ensure accurate and timely data is reported

Charter School Safety Requirements - Exceptions

- Reporting Safe-school Officer Discipline, Dismissal or Discharge of Firearm

Charter school governing boards must comply with district reporting procedures to meet the reporting requirements, including the seventy-two hour reporting requirement

Charter School Safety Requirements - Exceptions

- Survey of Safe-school Officers

Charter school governing boards must cooperate with the SSS to ensure accurate and timely data is reported
