3Rs in a Row			

Debate Team Carousel:

What is student engagement?

1. Give your opinion and describe what it would look like and/or sound like in a classroom.

Record your opinion and explain your reason for it.

2. Add a supporting argument.

Read your peer's response. In this box, add another reason that would support your peer's response.

3. Add an opposing argument.

In this box, record a reason that might be used to argue *against* what is written in boxes 1 and 2.
(For example: Why might what is written in boxes 1 and 2 **NOT** describe student engagement?)

4. Add your "two cents."

Read what is written in the three boxes. Add your two cents.

Similarities	Differences	Surprises

Three 3s In a Row

Find someone who can do or explain what is asked for in the box (one person per box). Ask the person to initial your box and tell you the answer. Then summarize the answer in your box. **Note:** You are the only person who should be writing answers in your boxes.

<p>Why is it critical that we keep students actively and cognitively engaged? (Think about the price of disengagement.)</p> <p>Initials: _____</p>	<p>“They understand that their presence matters.” Explain what this statement means to you.</p> <p>Initials: _____</p>	<p>What role does the teacher play in student engagement?</p> <p>Initials: _____</p>
<p>Why is it important for students to individually reflect before reacting to a prompt or talking to a partner?</p> <p>Initials: _____</p>	<p>Why is movement important for students in the classroom?</p> <p>Initials: _____</p>	<p>Define “Listening Objects.”</p> <p>Initials: _____</p>
<p>How can you actively engage students in notetaking?</p> <p>Initials: _____</p>	<p>Define Student Engagement. What is it? What is it NOT?</p> <p>Initials: _____</p>	<p>Explain how a supportive learning environment affects student engagement.</p> <p>Initials: _____</p>
