- 5. After the application
- 6. Questions

#### **Approved Charters Are Declining**

#### **Number of Charter Schools Opened Per Year**

# Uphill Road Ahead

- Most districts do not want to approve charters
- Until recently, there is not an alternative path to authorizing (More on this later)
- Significant costs before any revenue
- Startup funding is difficult to find
- CSP Startup grant is competitive
  - (And often not completed prior to opening)
- Public sentiment is becoming more contentious

# **Understand the Law**

- 1002.33 Charter School Statute
- 1002.3301 Charter School Review Commission
- 1002.345 Deteriorating Financial Conditions
- 1013.62 Capital Outlay Funding
- 1002.331 High Performing Charter School
- 1002.332 High Performing Charter School System
- 1003.333 Schools of Hope

#### http://www.leg.state.fl.us/Statutes/

#### Three distinct pathways to obtaining a charter

#### Traditional District

- Submit to your school district
- District reviews and evaluates
- Usually an Interview with the district
- District staff recommend to the school board if application should be accepted
- Local School Board makes final decision
- Rules Get Florida Review Voted On Commission Today Submit to the state commission and a copy to the district • DOE contracts with a partner to conduct application review District is allowed to provide feedback Partner will conduct an interview Partner recommends decision to the state commission State commission meets quarterly and makes final decision

#### **College Authorizer**

- Submit to the college, usually in response to a request for proposal
- College has internal review process
- College will usually conduct an interview
- Each college will have it's own governance and approval process Negotiate contract with the college
- College is responsible for oversight and sponsoring the school

- Negotiate a contract with your local school district
- School district is responsible for oversight and sponsoring the school

Must meet statutory requirements

No Deadlines

**Quarterly Deadlines** 

May include extra requirements

RFP will usually indicate deadline

#### Section by section ...

#### **Executive Summary**

- Adequate references to evidence that the application fulfills the statutory guiding principles and purposes for charter schools. (Note: the substance of each addressed principle and purpose will be evaluated within appropriate application sections.)

# :1 - Mission and Vision

#### WHAT MAKES YOU UNIQUE!?

WHY DO YOU WANT A CHATZTETZ?

- Have a strong mission
  - Clear, short, repeatable and unique
- Many sections relate back to this mission
- Just answer the questions

Your mission is the exception to the rule about not being repetitive.

Tie your plan back to your mission.

#### 2: Target Population and Student Body

- **Evaluation Criteria**
- A clear description of the <u>students the charter school</u> <u>intends to serve</u> including any target populations in accordance with Florida law.
- <u>Alignment</u> of the targeted student body <u>with</u> the overall <u>mission of the school</u>.

# DO YOU UNDETESTAND YOUTE STUDENTS?

- Do you understand your clientele?
- Explain demographics around target
- How did you generate your numbers?
- Are your numbers realistic?

Make sure enrollment matches the budget!

You would be shocked the number of apps I've seen where this doesn't happen.

- Will enable students to attain Florida standards and receive a year's worth of learning for each year enrolled; and
- Will be <u>appropriate for students below</u>, at, and above grade level.

#### "WHAT" YOU TEACH (NOT SO MUCH HOW)

- Each authorizer has their own way of looking at this
  - Some require textbooks, some don't
  - Some want course codes, others don't
  - Some emphasize Student Progression Plan
- Research here is about the efficacy of the curriculum package
- Florida's new law requires explicit phonics instruction (No 3-cue)
- Be sure to focus on supplementary programs and meeting the needs of lower level learners

# :4 - Curriculum Plan

- Be careful about standards reference
- Compatible for kids coming from and going to other schools?
- Be sure to talk about interventions
- Make sure you address MTSS somewhere
  - Section 4 is one option, section 6 is not

  - The sponsor often knows the prices

Keep a list of all the programs you need

This will help with flushing out your budget and ensuring there is alignment later.

#### :6 - ESE Students

# YOU ATE TEQUITZED TO SETZVE ESE KIDS, HOW WILL YOU?

- Fair Warning: The most difficult section
- You must follow the sponsor's policies in ESE.
- Answer the questions.
  - The more you steer off the questions, the more likely you are to say something wrong
- EXPLICITLY Indicate that the district is the LEA and that you will follow their policies

# :6 - ESE Students

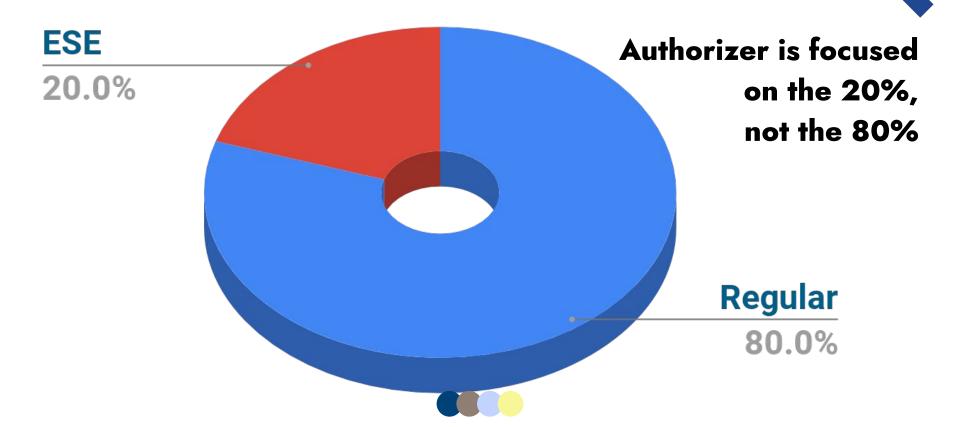

- If a service is offered at any typical neighborhood school, you must also offer it at your charter
- Do not deny kids based on ESE requirements
- Do not ask about ESE status on application
- Look at the ESE numbers in your district
- Establish a ratio for staffing

Saying you're using inclusion is not enough

The authorizer wants to know <u>how</u> you will be meeting the needs of the students.

- Helpful to speak with other charters or districts about how ESE works
- Talk about **how** the kids will be serviced
- Don't forget or skimp on the Gifted program

#### :7 - ELL

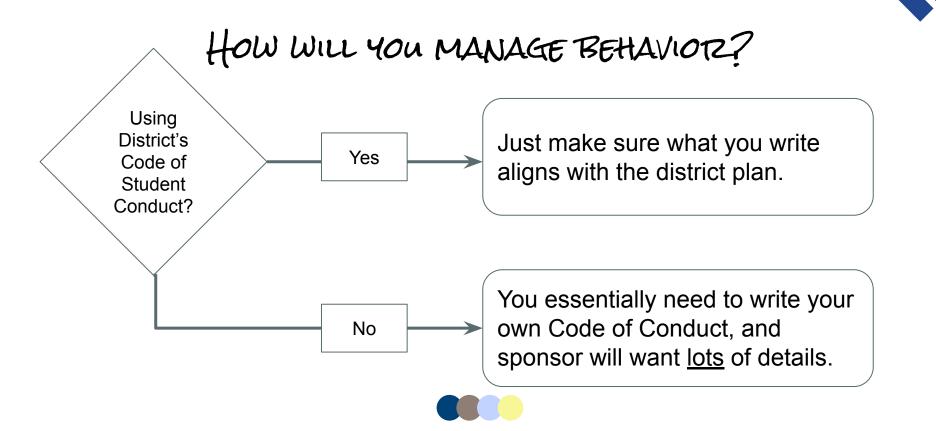

# DO YOU UNDERSTAND ESOL REQUIREMENTS?

- Read the Consent Decree
  - League of United Latin American Citizens (LULAC) et al. v. State Board of Education Consent Decree

  - ELL versus ESOL, names of assessments, folders, etc.

# WHAT'S YOUTZ PLAN FOTZ GOVETZNANCE?

- Recommend incorporating as Not-for-profit Corporation
- Sponsor's contract is with your board
  - Board is ultimately responsible, and needs to be competent
- Be aware of Government in the Sunshine
  - Generic bylaws found online may not align

- Indicate you will appoint someone (now also in section 15):
  - to facilitate parental involvement, provide access to information, assist parents and others with questions and concerns, and resolve disputes.
- Be careful about conflicts of interests

- Organizational charts board is in charge
- Who hires the Principal (Board/CMO)
- Recommend Board oversees <u>1</u> employee
- Administrator's certification? (Not "required")
- Staffing chart must match the budget!
- Be careful about interchangeable titles
  - Secretary = Business Manager (are both in the budget?)

• Regardless, explain the process to find someone

#### **12: Human Resources and Employment**

- A clear explanation of the **relationship between employees** and the school.
- Description of the school leader and teacher <u>evaluation plans</u>, or outline of such plans, which align with the Student Success Act as defined by state law.
- A <u>compensation and benefits plan</u> or outline of such a plan that is aligned with Florida's Student Success Act, and will attract and retain quality staff.
- **Procedures** that are likely to result in the hiring of highly-effective personnel.
- Policies and procedures that hold staff to high professional standards or a plan to develop such policies and procedures.
- An effective plan to address any **leadership or staff turnover**.

#### HOW WILL YOU SUPPORT AND EVALUATE YOUR STAFF?

- Will you be a public or private employer?
  - Public = eligible for FL Retirement System. Most are Private.
- Must align with Student Success Act
  - Review Florida Statute 1012.22(1)(c)

## :12 - Human Resource

#### • Employee Policies

- $\circ$   $\:$  Don't need to have them done yet, but have a plan  $\:$
- CSU Policy Manual has a sample
- Be careful about "FMLA" language
- Your Salary < District Salary?
  - If not competitive, how will you be competitive?
- Target at least \$47,500 given Salary Increase Allocation statutes

## **13: Professional Development**

- **Evaluation Criteria**
- Professional development activities for administrators and instructional staff that <u>align with the educational program</u>
  and support continual professional growth as well as growth in responsibilities related to specific job descriptions.

## :13 - Professional Development

#### THINK ABOUT CONTINUOUS DEVELOPMENT FOR STAFF

- Who is responsible for the plan
- Make sure the plan is coherent
- Make sure money aligns with the budget

Be sure to think realistically about your plan

- **Evaluation Criteria**
- A **student recruitment plan** that will enable the school to attract its targeted population.
- An enrollment and admissions **process that is open, fair**, and in accordance with applicable law.
- A plan and process that will likely result in the school <u>meeting</u> <u>its enrollment projections</u>.

## :14 - Student Recruitment

HOW WILL YOU RECTURT YOUR STUDENTS?

Almost everyone

overestimates enrollment

- Average charter school startup is 204 students
- If you are planning to have more than average, you need to have more than average recruiting

## :14 - Student Recruitment

- How ensuring equitable / reflective enrollment
- Never use the term "first come first serve"
- Describe student application & lottery process
- Be careful for legal traps in application process

ESE

- Race
- Other protected status

## **15: Parent and Community Involvement**

- **Evaluation Criteria**
- A general conception of <u>how parents will be involved</u> with the school that aligns with the school's mission and provisions of the educational program. A detailed plan may be developed following approval.
