Our Impact

\$1B

in charter school projects

\$482M

in investments

10.6M Sq Ft

of school facilities created

200K

student seats added

70M

transactions processed

\$310K

in grants awarded

Building Hope partners with senior lenders and equity funders to fund the dream of a better education for students nationwide.

We amplify the effects of federal and state grants and program-related investments (PRIs) to grow the charter school industry by applying our expertise in fund management, local partnership, real estate and operations.

Investments in charter schools spark educational and economic growth for students, families, and entire communities.
